SpiceJet takes delivery of another Airbus aircraft

PRESS TRUST OF INDIA

New Delhi, July 20

No-frills carrier SpiceJet, which is looking to expand its fleet, has taken delivery of another Airbus plane on wet lease basis. The first Airbus aircraft, wet-leased from Czech company CSA, was inducted into the fleet by SpiceJet earlier in June.

metro routes. "... our second wet-lease Airbus A319, arrived this morning. Will be seen on some AMD (Ahmedabad), BOM (Mumbai), DEL (Delhi), CCU (Kolkata), and GAU (Guwahati) flights," Kapoor said in the tweet.

Under wet lease, the lessor provides crew - both cabin and flight - along with the plane

TruJet to obtain in booking technology

PRESS TRUST OF INDIA

New Delhi, July 20

Technology provider Bird Information Systems will provide airline inventory and reservation system to regional carrier TruJet.

In this regard, Bird Information Systems Pvt Ltd (BIS) has entered into a strategic partnership with Turbo Megha Airways, which operates TruJet.

BIS would provide the booking technology for the airline inventory hosting, reservation at all city and airport offices, call centres and Internet booking engines.

"Through the (Airline Inventory Management System), we have access to a user friendly GUI (graphical user interface) which will enable our partners to make reservations quickly and easily," both companies said in a statement today. Besides, TruJet will handle departure control for their airport. BIS is a leading technology provider of automation and travel related software solutions.

Currently, TruJet operates flights across Hyderabad
